

Abel Zereabruk Teka

Software Developer

✉ abelazereabruk@gmail.com ☎ +251915553447 📍 Addis Ababa  LinkedIn  Github

Professional Experience

Pickup 06/2025 – Present
Software Developer  Addis Ababa

- Completed a partially built **NestJS API**, taking it from ~70% to full completion, including writing tests and ensuring production readiness.
- Built a mobile app for couriers using React Native delivering a smooth UI experience
- Developed a **complex, feature-rich admin dashboard**, improving internal workflows and system management.
- Built a robust **MVP** using **Supabase** and **Next.js**, focusing on scalable architecture rather than a simple lightweight prototype.

Africa To Silicon Valley 07/2024 – 08/2024
software development intern  Addis Ababa, Ethiopia

- Worked on a starter project using Next.js along with RTK query and Tailwind css, achieving a 20% reduction in project delivery through effective utilization of Agile methodologies.

Education

Competitive Programming and Software Development 11/2023 – present
Africa to Silicon Valley (A2SV) - Backed by Google  Addis Ababa, Ethiopia

- A2SV upskills high-potential African students, connects them with top tech companies, and builds digital solutions for local challenges. The organization has placed 50+ students at leading companies, including Google.
